By Fax: 02-6276317  
Head of Prisoners Division  
Prisoners Administration Officer Central District

Re: **Failure to conduct true registration of prison entries of minors who come to visit incarcerated family members**

Reference: your letter dated January 17, 2016, Ref. No. 75530

- A. Following your letter a thorough examination of the matter was conducted and the following is my response:
1. This is to inform you that in fact the mother of the children did not visit prison together with the children.
  2. The mother of the children who is the holder of the identification card was mistakenly registered as the visitor and hence the reason for the answer of the then prisoners' officer senior warden Meimon Moshe.
  3. After the mistake was discovered about a year ago directives in that respect were given and since then the person whose details are registered in the visitation system is not the identification card holder but rather the person who actually visits prison.
- B. For your attention.

Sincerely,

Eti Elkabetz, Deputy Warden  
Incarceration Officer Central District
